

# Your ideas, your plan...

All of the different proposals included in the plan have come from co-design sessions, workshops, meetings and conversations with people living and working in Huntly & District. The design team has brought these different ideas together into one plan, and spoken with key national and regional stakeholders to link mutual interests. Below is a sample of different ways people have contributed their ideas.

*Adventure playpark ideas*

- Make a big sky obstacle course from Tree to Tree up in the air
- Be able to jump from tree to tree in a harness and elastic rope.
- Bungee Jumping.

*Outdoor classroom ideas*
